**DISASTER ASSISTANCE GUIDE  
Sullivan, Orange and Ulster County - Flood  
June '06**

# **Sullivan, Orange and Ulster County Floods 06/06**

## **Assistance Guide**

Updated 07/21/06

### **Introduction**

This guide is intended to help people locate assistance for unmet needs caused by the Sullivan County June '06 flooding. Originally compiled by the American Red Cross, 2-1-1 Hudson Valley is now responsible for continued updating and distribution. All suggestions, corrections, and information on how to make this resource a more thorough guide for both victims of disaster, and the helping organizations that serve them, are welcome and should be sent to 2-1-1 via [panderso@uwwp.org](mailto:panderso@uwwp.org).

### **Red Cross Assistance**

The American Red Cross relief focuses on meeting the emergency disaster-caused needs of individuals and families: shelter, food, and health and mental health services. The Red Cross also lets people know about other available community or government resources that assist with the long term recovery. You can contact the Red Cross at 1-877-REDCROSS or [rundled@arcgny.org](mailto:rundled@arcgny.org)

### **Programs for Financial Assistance**

#### FEMA Assistance:

FEMA provides funding and assistance to individuals who have sustained loss of or damage to property that is not covered by insurance. Once you register with FEMA, an application guide will be mailed to you. Refer to this guide for more thorough information on FEMA's programs.

Temporary Housing – For disaster victims unable to occupy homes damaged by a disaster, funding is available to rent another place to live.

Repair – In order to make the damaged home safe, sanitary, and functional, homeowners are eligible to receive funding to repair damage caused by the disaster.

Replacement – When a home is destroyed by a disaster, homeowners are eligible to receive financial support to aid in the cost of replacing the home.

If you are unable to live in the apartment or house that you rent because of flood damage, your landlord may be obligated to return a pro-rated portion of rent that has already been paid.

# **Sullivan, Orange and Ulster County Floods 06/06**

## **Assistance Guide**

Updated 07/21/06

Funding is also available for replacement of personal property lost or damaged by flooding and for other needs generated as a result of a disaster. You may be eligible to receive funding for transportation, medical and dental expenses, funeral costs, personal property damage or loss, moving or storage, and other expenses approved by FEMA. You may contact FEMA (800-621-3362). Remember, disaster assistance covers a wide range of flood losses. Disaster-related damage or loss of personal property, anything from a wheelchair to a major appliance, may qualify for some form of federal/state assistance.

### **Disaster Loans (SBA)**

Assistance is available from the SBA Disaster Loan program. SBA low-interest loans are available to renters, homeowners, business owners, and non-profit organizations that suffered losses due to this disaster. Homeowners may be eligible to borrow up to \$200,000 for real property. Renters and homeowners may borrow up to \$40,000 for replacement of disaster-damaged property. Businesses may apply for up to \$1.5 million for losses not fully covered by insurance. SBA loans are made for the repair or replacement of real or personal property. You may borrow up to 20 percent more to spend on measures that may help to prevent damage from happening again. The law authorizes loan terms up to a maximum of 30 years for homeowners and renters. For more information call 800-621-3362.

### **Housing Assistance (Other)**

Assistance may also be available from the USDA for flood victims of very low, low, and moderate income in rural areas who are without decent, safe, and sanitary housing and who are unable to obtain a loan from private lenders on terms and conditions that they can be expected to meet. Residents in Broome, Chenango, Delaware, Herkimer, Montgomery, Oneida, Orange, Otsego, Schoharie, Sullivan, Tioga and Ulster Counties may be eligible. Affected individuals should contact Rural Development in New York at (315) 477-6400 for information about loan and grant servicing options.

### **New York State Individual and Family Grant Program**

Governor Pataki has created this program to provide assistance to those citizens who are victims of the flooding as well as the communities in which they live. The program is intended to work in tandem with the existing FEMA relief programs and to address gaps in coverage and eligibility that flood victims have experienced. Compensation (award, grant or insurance reimbursement) of up to \$5,000 per household or business or any loss suffered by an applicant as a result of the 06/06 floods. Deadline is Sept. 5, 2006. To apply, download an application from the NYS Department of Labor webpage, <http://www.labor.state.ny.us/>.

## **Assistance Guide**

Updated 07/21/06

### Unemployment Assistance:

Federal Disaster Unemployment Assistance (DUA) may be available for individuals, including the self-employed, who are unemployed as a direct result of the damages caused by this storm. You may call 1-866-795-8877 and apply for DUA over the phone, or print an application from the state workforce agency website at:

<http://www.ncesc.com/individual/downloads/downloadMain.asp>

## **Assistance Guide**

Updated 07/21/06

### Disaster Legal Services

FEMA provides free legal help for victims of disaster through an agreement with the Young Lawyers Division of the American Bar Association. You can get legal advice on problems with your landlord, preparing legal papers lost in the disaster, help with home repair contracts and contractors, and other problems concerning your legal rights. Cases that may generate a fee (i.e., cases where attorneys are paid part of a settlement or court award) are turned over to the local lawyer referral service. For legal advice call 1-800-504-7030.

### Food Stamps

In times of disaster it may become very difficult to obtain the resources needed to maintain a healthy and fulfilling diet for your family and yourself. You may be eligible for Food Stamps. Call the NYS Office of Temporary and Disability Assistance for more information, 800-342-3009. Food Stamp eligibility is based on income guidelines:

People in Household	Gross Monthly Income	Net Monthly Income
1	\$973	\$749
2	\$1,313	\$1,010
3	\$1,654	\$1,272
4	\$1,994	\$1,534
5	\$2,334	\$1,795
6	\$2,674	\$2,057
7	\$3,014	\$2,319

### **Programs & Agencies Providing Recovery Services**

#### Flood Insurance – Rebuilding

One of the most important things that you can do before a flood for the financial protection of your home and family is to purchase a flood insurance policy. You can obtain a flood insurance policy through your insurance company or agent. Flood insurance is guaranteed through the National Flood Insurance Program (NFIP), administered by FEMA. **YOUR HOMEOWNERS INSURANCE DOES NOT COVER FLOOD DAMAGE.** It normally takes 30 days after purchase for a flood insurance policy to take effect. The average premium for federally backed flood insurance through NFIP is about \$400 a year.

For more information about the NFIP and flood insurance, call 800-427-4661, or contact your insurance company or agent. For agent referral, call 888-435-6637, 24/7 on-going.

# **Sullivan, Orange and Ulster County Floods 06/06**

## **Assistance Guide**

Updated 07/21/06

Make sure to follow local building codes and ordinances when rebuilding, and use flood-resistant materials and techniques to protect yourself and your property from future flood damage.

### Well & Septic System Testing

Floodwaters are frequently contaminated with a variety of pollutants including sewage and fuel oil. If your water supply is from a private well on your property and that wellhead was covered by floodwaters, the well may have been contaminated. To protect your family from this contamination, your well should be tested as soon as power has been restored to your house. Your county health department does well testing and will issue the necessary documents to show that your water is safe.

Septic systems can also be damaged by floodwaters and must be tested/inspected to ensure that they will perform properly and protect your family from sewage backups and contamination. Once again, contact your county health department for testing/inspection information.

Sullivan County Health Dept.	845-794-2045
Orange County Health Dept.	845-343-0886 or 888-976-8773
Ulster County Health Dept.	845-340-3150 or 845-334-2145 for emergency (after hours)
Sullivan County Septic Svce Inc	845-583-4064
Ulster County Heat/Water/Septic	845-340-3010

### Mold

After the initial damage from floodwaters, the dampness that remains becomes an excellent environment for the growth of mold and mildew. This mold can be a health hazard and must be dealt with properly during the clean up and repair process. Testing, inspection, and mold removal advice are available from several agencies.

Town of Rockland, 95 Main Street, Livingston Manor, NY 12758	Charles Irace, Inspector	845-439-4399 ext. 305

### Heating Oil Tank Leaks

Underground or basement installed heating oil tanks may have been damaged by floodwaters. Leaking oil in your basement or yard is an environmental hazard and needs to be dealt with properly.

NYS Emergency Spill Hotline	(800) 457-7362, 24/7
-----------------------------	----------------------

### Contractor Fraud

Unfortunately natural disasters sometimes bring out the worst in some people – people who take advantage of those who have already been hard hit by flood damage to their homes by inflating prices for materials and repair services and providing substandard workmanship. When considering hiring any particular contractor, be sure to get and check references from them get a written contract specifying a price and start and end time for the work, and make no payment until after work is completed. If you have any doubts about a specific contractor or believe that you have been the victim of fraudulent business practices by a contractor, contact your county Department of Consumer Affairs and the Better Business Bureau for assistance.

Better Business Bureau-Mid Hudson Or visit <a href="http://www.bbb.org">www.bbb.org</a> for information	24 Hour InfoLine, (914) 333-0550
--	----------------------------------

### Replacement of Damaged Documents

Replacement of important documents such as mortgage notes, property deeds, marriage certificates, divorce decrees, passports etc. is often necessary after a major disaster such as a flood.

Updated 07/21/06

### Tax Deductions

Property losses from natural disasters are tax deductible. If you claim a casualty loss resulting from a disaster, you may be asked to show:

- The kind of disaster and when it occurred
- The damage that was a direct result of the disaster
- Proof of ownership of the property
- Your income tax basis in the property. This is the total value of your home (original cost plus cost of any improvements) minus any depreciation claimed for income tax purposes.
- Fair market value before and after the disaster
- Insurance benefits, free repairs, restoration, and cleanup from disaster relief agencies.

Before and after photographs, receipts, canceled checks, deeds, purchase contracts, and professional appraisals are good supporting evidence for casualty claims.

For more information, call the **IRS at 1-800-829-3676** or visit [www.irs.gov](http://www.irs.gov) for forms and information on how to contact specific units.

### Donations

If you are fortunate enough to not have suffered major damage during the floods and would like to help your neighbors who may not have been as lucky, there are several Agencies and town-based groups that are accepting donations and volunteer support. Please check with the various agencies BEFORE making any donation of goods or materials so as to make sure that your donation will have the greatest possible positive impact. Monetary donations are almost ALWAYS the most useful for the recovery effort.

Also, please call 211 or 1-800-899-1479 for additional information on donating goods/financial assistance.

## **Assistance Guide**

Updated 07/21/06

Many organizations and agencies are doing what they can to assist victims of the flooding. However, without the help of volunteers, they are limited in the services they can provide. If you are willing to volunteer some time cleaning houses, repairing homes, distributing food, etc, contact one of the agencies below to find out if they are a good fit for you. Please also call 211 or 1-800-899-1479 for additional information on volunteering.

### **Home Repair/Cleaning/Mud Removal:**

United Methodist Committee on Relief	607-865-5765

### **Food & Household Supplies**

During clean up efforts, it is often not easy or even possible to prepare food and manage a household in a normal fashion. Several area agencies have been providing assistance with meals. Other agencies are supplying food items, clothing, household cleaning supplies, toiletries, and cleanup assistance to flood victims. Please note that most agencies listed below may have certain requirements and limitations so keep in mind that the assistance will be offered on a case by case basis.

For additional information, call 211 or 1-800-899-1479. 2-1-1 is a free, confidential, multilingual information and referral telephone service. Call 2-1-1 for everything from basic needs like food, clothing and shelter to legal services, drug treatment, employment support, childcare, physical/mental health resources, elder care, services for persons with disabilities and more.

Updated 07/21/06

### Counseling and Mental Health

The stress of dealing with the destruction and devastation caused by a flood can be overwhelming. Most clergy are well equipped to provide assistance and counseling under these circumstances. However, if you or someone in your family is in need of additional counseling assistance and support, the following can help you find the needed assistance.

Mobile Mental Health- Sullivan County	800-710-7083
Sullivan County Mental Health	845-292-8770
Orange County Psychiatric Mobile Response	845-291-2600
Orange County Mental Health	800-832-1200 or 845-294-9355
Ulster County Family of Woodstock	845-679-2485
Ulster County Department of Mental Health	845-340-4000
Hudson Valley 211	211 or 1-800-899-1479

### Utilities

Part of your repair needs may well include electrical system or gas equipment repairs and reconnections. To minimize the dangers associated with these utilities, it is necessary to contact your gas and electric suppliers before reconnecting these services. In the majority of the flood-affected area, NYSEG is the supplier of both your electric and gas service and can be reached at 800-572-1111. Central Hudson Gas and Electric covers some areas and can be reached at 800-527-2714.

### What to Do After a Flood

Flooding continues to cause problems and even dangerous conditions for those in the central and eastern sections of New York State. Follow these safety tips to protect yourself and your family from the hazards associated with flooding.

#### **Returning Home**

- Stay informed! Listen to the radio or TV for instructions from local officials.
- Wait until an area has been declared safe before entering it. Be careful driving, since roads may be damaged and power lines may be down.
- Stay away from downed power lines. Restrict children from playing in flooded areas.
- Before entering a building, check for structural damage. Turn off any outside gas lines at the meter or tank. Let the building air out to remove foul odors or escaping gas.
- When entering the building, use a battery-powered flashlight. Do not use an open flame as a source of light. Gas may be trapped inside.
- When inspecting the building, wear rubber boots and gloves. Watch for electrical shorts and live wires before making certain the main power switch is off.
- Do not turn on electrical appliances until an electrician has checked the system and appliances.
- If, for any reason, you have turned off natural gas service to your home, call your natural gas utility to restore service. Do not attempt to restore gas service yourself.
- Test drinking water for potability. Wells should be pumped out and water tested for drinking. If the public water system is declared "unsafe" by health officials, water for drinking and cooking should be boiled vigorously for 10 minutes.

#### **Food & Medicine**

- Food and medicine that has been exposed to flood waters should be discarded because of possible contamination.
- Destroy the contents of foods in glass jars that have been exposed to flood waters.

## **Assistance Guide**

Updated 07/21/06

- Wash canned goods that have come into contact with floodwaters with soap and hot water. Check for broken food-safety seals. Destroy canned foods when swelling, rusting or serious denting is visible.

- Cook all foods thoroughly. Frozen foods that have been thawed should be discarded if not consumed immediately, or kept refrigerated at 45 degrees F. or lower.

### **Household Clean-Up**

- Prior to flooding, power should have been turned off in cellars. If possible, wait for ground waters to drop below floor level. Otherwise, drain or pump water from flooded cellars.
- Wash down walls, floors and other areas exposed to flood waters with soap and hot water.
- Keep windows and doors open for ventilation.
- Disinfect the washed areas by applying a solution of bleach with a broom. The solution is prepared by adding four tablespoons of bleach to five gallons of water. Allow the solution to remain on the surface for approximately 10 minutes. Rinse with cold water as soon as possible to minimize staining.
- Furniture: Clean and then wash metal and leather surfaces with mild soap and water and wipe dry immediately. Some upholstery may be washed on the surface with soap and water and wiped dry. Expose to open air and sunshine.
- Floor Coverings: Flush rugs and carpets with a hose and squeegee, then wash with lukewarm water containing a detergent. Rinse and dry in sun.

### **Personal Safety**

- Rubber gloves should be worn while scrubbing damaged interiors with a bleach solution.
- Don't neglect supposedly minor cuts, scratches or other injuries or sickness experienced during the emergency.
- Individuals who suffer injury that results in an open wound or who swallow contaminated flood water should seek medical attention.
